Hello Everyone!

It has been a very good year at the Pioneer Museum. Now that the price of the pavilions (near the museum) is only \$50 per day for usage, many groups have been using them for parties and reunions. There were 281 visitors who visited the museum this year.

The agenda of programs for 2022 is on the back side of this paper.

The Pompey Historical Society has joined with the Fabius Historical Society only for the programs. We are still separate societies. You will notice that the time of each month for a program is now different. The programs will not always take place at the Fabius Community Center.

I hope to see you next year. Sandy
